Get 99.9% uptime guaranteed and 24x7 online and phone support.

MIGRATION FACTORY

MIGRATIONS

EXCHANGE TO OFFICE 365 MIGRATION

For Exchange to Office 365 migrations, can be easily moved from on-premise exchange server to office 365 cloud. From basic email, calendar and contacts data to email signature blocks, rules and calendar permissions, we'll make transitioning from the Microsoft Exchange Server to Outlook 365 easy and low-risk. KCC is focused on seamless migration and better end user experience, we built our services to help our customer achieve value, reduce complexity and increase velocity.

GOOGLE TO OFFICE 365 MIGRATION

KCC Technologies ensure an easy, automated transition from Google to Office 365. From Gmail and Google Calendar to labels and contacts, with faster Office 365 mailbox and less risk. We strive to reduce the impact of data transfer limits along with helping you provide the best transition from Google's Email Label organizational structure by giving you the option to map the migrating mail to either folders or categories in Outlook, whatever is best for you.

MICROSOFT AZURE MIGRATION

Our Cloud Migration Project methodology ensure less risk with better reliability and scalability consider during design and envisioning phase. We go the extra mile to understand your current applications and services operating in your IT environment and ensure that a customized solution that truly benefits your business is developed. This ultimately leads to reduced cost by creating a long-term strategy, leveraging existing infrastructure and reducing risk by ensuring the final blueprints are agreed upon by all stakeholders.
